

ABOUT THE STATE

HAPPENINGS OF INTEREST FROM DIFFERENT SECTIONS

Eight of the boys of Co. D of St. Johnsbury were married a short time before the troops were called to arms.

Thieves broke into the West Rutland store of the Vermont Marble company Monday and secured about \$100 worth of goods.

The Rockingham hospital, Bellows Falls, in response to an inquiry by the federal authorities, has notified the government that in case of need it will be available for military purposes.

Mrs. F. E. Farmer of the town of Rutland has a pair of spectacles which belonged to her great grandfather. They have iron bows and are about 250 years old. Mrs. Farmer is 87 years old.

James, two-year-old son of Mr. and Mrs. Samuel Lanore of Newport, fell Monday and struck on some object which cut his eye so severely that it had to be removed at Brightbrook hospital in St. Johnsbury.

J. J. McGill, foreman of the Menut & Parks company, St. Johnsbury, was injured in the wood yard of the company Saturday afternoon. The man was helping at the saw when his right hand was caught. One finger was severed from the hand and the other fingers badly cut.

Reliable parties living in the vicinity of Lake Carmi, Franklin, say that they saw an airplane Monday night, April 2, about 11:30 o'clock and heard the pulsating of the motor as the machine flew by at a low altitude. The plane carried a search light, which was thrown on to the farm buildings and a red tail light was discernible. The machine was headed in a northeast direction.

Chef William E. Blais prepared decorations for the table at the Hotel Willoughby in Bellows Falls a few days ago which were unique and of much interest. The center piece was a ship of state strongly fortified with guns, all being made of vegetables. Other pieces in the display were swans, chariots, a dove of peace and a hand holding a magnificent bouquet, all skillfully made from beets, turnips, carrots and potatoes. Mr. Blais was born in Labrador and did not see a horse until he was 11 years old. He has traveled extensively and was chef for the Russian and Japanese envoys at Portsmouth during the peace negotiations between those two countries.

CLAIMS LIFE IN DANGER.

Prof. Appellmann Also Pleads for Another Chance.

Burlington, April 11.—Claims that his life is in danger and a plea for a chance to show that he is devoted to the interests of America are made in a letter from Dr. Anton H. Appellmann of the University of Vermont to Grenville Howard of New York City.

Dr. Appellmann, whose resignation is now before the university trustees together with charges that he has promoted anti-American agitation, pleads for a chance, after the trustees reach a decision, to assert that he is for America, an affirmative assertion to entitle him to remain in his present position as professor of German at the University of Vermont.

He declares that he has not been given a fair chance to state his case.

His letter reads:

"This is to thank you most heartily for the kind letter with the enclosure which you sent to me on the 26th of March. I should have answered your letter immediately had it not been for my absence on my spring vacation.

"What you have to say about my case is just the same I have felt all along and I wish they would give me a chance to assure them that I am heart and soul for this country, which I like and love just as much as anyone. But so far I have not been given the fair chance to say what I should like to say. You know that the wisest thing have been said about me and that papers of the standard of the Boston Transcript seem to be at the disposal of my enemies. At present my situation here is so bad that even my life is in danger, as I have been informed by the people who know. I wish just as sincerely as anyone that a clear decision might be reached; the sooner the better. If I am guilty and un-American I am willing to go; if I am found innocent and if they will accept my solemn pledge to be loyal and faithful to this country and the University of Vermont, let them see to it that I can go about my work peacefully without being disturbed nor disturbing anyone else."

The sense of refreshing cleanliness that follows the use of a real scalp prophylactic, is comforting in the extreme

HOW TO BE RID OF CHRONIC DANDRUFF

The only way to be permanently rid of disgusting, unduly dandruff is to correct its cause. Destroy the dandruff germ and get rid of dandruff for good by rubbing a little of the genuine Parisian Sage directly on the bare scalp until absorbed. You will surely be amazed at the result of even one application.

Only a few days' massage with Parisian Sage are needed to destroy the germs that cause the dandruff to form. The scalp becomes healthy, the hair will grow better, show more life and vitality, and you need never be troubled by dandruff again. Faded, dull or lifeless hair is quickly restored to beauty by this simple treatment, which is absolutely harmless.

Parisian Sage can be obtained from the Rod Cross Pharmacy and druggists everywhere. It is not expensive.—Adv.
